SECRETARY'S REPORT

Dr. M.A. Khatkhatay

Dear Donors and Well-wishers, It is my pleasure to present before you an account of the activities and initiatives taken by your Organization, MESCO Education Society (MES) during the preceding financial year ending 31st March,

2017. The year under Report (2016-17) has been a notable year, in that the Crescent School extended into the Junior College with Science and Commerce faculties being added. Also a Donors Meet was organized to help raise funds for the construction of the new School Building. MESCO Education Society completed its 40th year, this March 2017.

A look at the Income Expenditure Account for the

The mandate of MESCO Education Society is to provide good affordable education through its Institutions

year ended 31st March, 2017, it reflects that the total Income earned was Rs. 3.69 crores, of which donations and grants amounted to Rs. 64.56 lacs and interest on bank deposits, school fees and other miscellaneous income amounted to Rs. 3.05 crores. Further we also received donations of Rs. 1.79 crores U/s 35AC. On the Expense side Rs. 2.96 crores was spent on the Institutions(Objects), and the other Expenses including Rent, Taxes, Audit fees etc. amounts to Rs. 6.29 lacs. Surplus at the end of the year stood at Rs. 2.48 lacs. Expenses incurred

U/s 35AC amounted to Rs. 73 lacs. The Balance Sheet reflects that the total Property & Assets stood at Rs. 10.33 crores; of which the Bank Balances including the Bank Balances U/s 35AC stood at Rs. 3.40 crores. The Investment in Fixed Deposit amounted to Rs. 25.67 lacs, and in Other Funds amounted to Rs. 10 lacs. Immovable Property was valued at Rs. 5.53 crores and the Furniture and Fixture stood at Rs. 87.20 lacs. On the Funds and Liabilities side the Corpus of Rs. 6.62 crores remain unchanged as there were no additions. The Liabilities stood at Rs. 16.19 lacs. Advance Fees received for the Academic Year 2017-18 amounted to Rs. 56 lacs. The three Institutional activities were the 12 Nursery Schools in the slums of Mumbai, the High School with the Junior College, a new School in Kausa to be set up, and finally the two Vocational Training Centres. The Conduct of Institutions particularly for the marginalised and disadvantaged section of Society is always a big challenge particularly in terms of sustainability. On the one side we wish to provide A+ quality education, at the same time, we are not able to cover the cost from the fees we could charge. We have been relatively lucky with some of our institutions, where we have found sponsors to provide for the deficit.

Nursery Schools: Our Nursery schools (Angels Paradise Nursery Schools) are a service for marginalised and these schools are located in the central and western suburbs of Mumbai. Our Nursery Schools numbering twelve during

Since inception, the thought at MESCO Education Society has always been to keep quality uncompromised

the year under report have catered to 337 students between them. Sustainability is the greatest issue here. However, we have been trudging along for the last forty years and more. Earlier the schools were run under the aegis of MESCO the parent Organization, but have now since 2009 come to be a part of MESCO Education Society. 86% of our students have been admitted to good English medium High schools of their respective areas. The Nursery schools are being conducted in the most professional manner, and individual attention is possible, since, we do not encourage more than 25 students to a batch. We have a Child Centered Approach and believe in providing experiential learning. All our staff have long experience and have professional qualifications. As usual we follow the Play Way Method and children are taken to the Railway Station,

Managing Institutions for the marginalised and disadvantaged sections is always a big challenge particularly in terms of sustainability

Post Office, Gas Station, Vegetable Market; Colours Day, Fruits Day, Fancy Dress, Sports Day was organised as every year.

Crescent English High School and Junior College: This school again was set up almost 25 years back, it is one of the most reputed Schools in Kausa, Mumbra.

Today we can proudly say that many of the first generation learners have passed out from the school and acquired professional degrees and are working with various MNCs; their lifestyle has changed and hopefully, none of their children will stay away from education.

SECRETARY'S REPORT

During the year under Report the School was upgraded to the Junior College with the starting of Std. XI in Science and Commerce streams, a long awaited demand of parents of the school. The school in 2016-17 had a total enrolment of 1219 students. With each passing year the demand for admission keeps increasing, with almost 5 students seeking admission at Nursery for every seat, this year. In order to fulfil the vision of providing access to the economically weaker section, the management decided as a policy to reserve 25% of seats for this category. Almost 25% of students in the school are on scholarships. Each student is encouraged to recognise his/her potential and opportunities are provided for these to be developed. It is no wonder that every year students take part in competitive curricular, co-curricular, extra curricular activities and sports and come out with

In achieving the results we have been fortunate to have the support of myraids of well-wishers who have participated whole heartedly

flying colours. 364 students appeared in Science Olympiad; every passing year more students appear, for the Elementary and Intermediate Drawing Exams, this year too, increasing numbers passed with an A Grade. Students participated in DSO Sqay Martial Arts championship, 3 of our students qualified for participation at State Level.

This year also saw the resignation of Mr. Azeem Durrani (earlier until 2010 a teacher in our school) had held the reigns as Head Master of the School most ably for last 5 years. He decided to join an Aided School of Mumbai; we wish him

the best in his new assignment. His place is now filled by an equally capable colleague of his, Mr. Wasi Khan who is an experienced Academician and served our school earlier for 5 years and now returns back to take charge of the school. We wish him well and hope he has the same support of teachers and parents as was accorded to Mr. Durrani.

New School Project In the year under review, we have paid the third instalment (of 5 instalments) of Rs. 62 lacs to Thane Municipal Corporation (TMC) towards the premium for the plot we got from them against our bid. We are also thankful to our donors who contributed Rs. 1.69 crores under 35AC for the School construction as also to Rogay Charities for their commitment towards the premium to be paid to TMC for the plot. The Lease Deed of the plot between MES and TMC has been registered on 24th June, 2016.

Vocational Training Centres MES conducts two Vocational Training Centres, one in Dharavi and the other in Kausa, Mumbra. MES' foray into setting up Vocational Training for ladies dates back to 1987, when we started our Tailoring course followed by Mehndi Application course under MESCO, however, both the present centres are run in collaboration with Father Agnel Technical College, Bandra, and with the partnership we will be completing a decade in 2018. We are grateful to Fr. Nazareth & Fr. D'Souza and earlier (Late) Fr. Denis & Fr. Victor for their unstinted support. We conduct

Electrician, Air Conditioning & Refrigeration and Computer Hardware Networking courses for Boys and Dress Making and Fashion Designing and Professional Beautician courses for Girls and Information Technology for Boys and Girls; we conduct Dress making and Fashion Designing and Professional Beautician at the Dharavi Centre. This far we have trained 513 boys and 465 girls in the past 9 years of which 137 boys and 93 Girls were trained in the last year alone. Skill Development is being given a great impetus by the Government and while we continue all these courses as self funded courses, and Exams and Certification is being done By Fr. Agnel, we hope to get registered with the Govt. as well, in the near future as the same will benefit the students.

The employment prospects and in fact the actual results show that most of the boys especially, get

I have to place on record on behalf of the Managing & Sub-Committee of MESCO Education Society, our sincere gratitude to all our donors, well wishers and sympathisers for their consistent support this year as always.

Thank you!

AN EFFORT TO ESTABLISH ANOTHER A+ QUALITY EDUCATIONAL INSTITUTION IN KAUSA, MUMBRA

WHY ANOTHER SCHOOL IN THE SAME AREA ?

Mumbra/Kausa is a developing town near Thane city in Maharashtra State of India. The area is rapidly growing both in terms of population and residential buildings due to migration of low income group families who cannot afford to pay rising cost of living in Mumbai City. Most of the people are from lower middle class engaged in petty jobs and small businesses.

There are many schools in the area; however, the need for schools providing quality education is glaring. To fulfill the need of the area, we are planning to setup a new school building on the plot (allotted by the Govt.) which will help us to educate more than 2000 students.

ABOUT NEW SCHOOL PROJECT

With the intention to establish another A+ quality Educational Institution and to educate more students, MESCO Education Society (MES) applied to Thane Municipal Corporation (TMC) for a reserved plot (approximately 54,000 sq.ft. for school construction) at Kausa, Mumbra. We were fortunate to be allotted the said plot for the decided bid premium.

**Make a difference Now,
That Lasts for Generations**

The school building elevation is a draft and is subject to further review

ESTIMATE OF THE PROJECT

We are allotted the said plot for bid premium of Rs. 3.10 Crores. As per TMC's payment schedule we have paid 60% of the said bid premium and we have got a commitment for the balance amount from a Mumbai based organization.

The total cost of construction of the new school building on the said plot is approximately, Rs. 14 Crores. By the grace of Almighty, we have got commitments of Rs. 6.5 Crores from well-wishers. As on 1st August, 2017 we have got Rs. 2 Crores in hand; balance Rs. 5.5 Crores has to be raised from donors and well-wishers.

AN APPEAL

Dear philanthropist, secure your share in this valuable endowment for yourself, your parents, families and children. We appeal to philanthropists and individuals in India and Abroad to come forward with generous contributions to help us in building the school for future generation of our society. We are pleased to announce that we have the FCRA permission to receive foreign funds.

With OUR PASSION and YOUR SUPPORT

we can realize the dream of establishing another magnificent school

FEW SUCCESS STORIES

With responsibilities of looking after a paralytic father and 4 siblings, Mr. Ansari Arbaz completed Air Conditioning & Refrigeration Course

At a very young age of 19, when Mr. Ansari Arbaz had to leave his education after SSC, it was not only the financial problem that he had to deal with but also the responsibility of looking after a paralytic father and 4 siblings. This didn't deter him; with a part time job he enrolled himself at MESVTC and completed Air Conditioning & Refrigeration course successfully, got a job offer from a reputed Dealer of Branded AC's and he is earning a decent salary of Rs. 14,000/- p.m. He says that this is just the beginning for

From being a Rickshaw Driver to working as an Electrician at Dosti Group

Mr. Ansari Mohammed Faisal has come a long way. Where there is a will there is a way has been rightly proved by Faisal who was an HSC dropout and had a responsibility of looking after his family. He completed Electrician Course from our Vocational Training Centre and now is working as an Electrician at M/s. Dosti Construction, earning a decent salary and supporting his family.

Against all odds and losing his father at a very young age Mr. Fahad believed in the dictum that your reach must extend beyond your grasp.

Being a student of our Little Angels Nursery School Antop Hill in the year 1994-95, created a strong base for Mr. Fahad and he managed to get admission in reputed SIES School from where he completed his SSC and HSC. He worked hard and grabbed all the opportunities and completed his Hotel Management from Anjuman-I-Islam Hotel Management College and is currently working as a Chef in Oberoi Hotel.

A distance of 25 Km from Ulhasnagar to our Vocational Training Centre did not deter Ms. Sumita Jaiswal from taking up a Professional Beautician course.

Ms. Sumita Jaiswal, a College dropout student from Ulhasnagar, was determined to take up a Professional Beautician Course. This was realized when she came to know about MESVTC from a friend. Through her punctuality and diligence Sumita not only managed to complete the Professional Beautician Course but also topped her batch, her hardwork has paid off and today she is independent and takes up bridal make up and is living a respectful life.

An incredible journey of a Crescentian is what Ms. Ruksar exemplifies

A student of 2007 SSC batch at Crescent School, was financially supported by MESCO (our Parent Organization) throughout her Education. She fought against all odds. She completed her M.A., B.Ed. (English Literature) and was at 3rd Rank at Mumbai University in the subject with able guidance and support from MESCO Education Department and now is a part of our Crescent English High School & Jr. College as a Lecturer and is proud to be back as part of her Alma mater.

Grit and determination is what Ms. Siddiqui Anam possesses and it has helped her come a long way from being a Crescentian to a Doctor

With able academic support and Career Counseling (on the basis of Aptitude Test Result) from teachers of Crescent English High School, Ms. Siddiqui Anam completed her SSC with distinction and pursued BHMS from Homeopathic Medical College Kharghar. She now makes us proud by working in the NICU Dept of Kalsekar Hospital and is serving the society.

The Trustees of MESCO EDUCATION SOCIETY are pleased to acknowledge the spirit of support and cooperation indicated by Well-Wishers and donors (too numerous to name individually). We would like to thank all the donors which include individual and corporate partners, schools and foundations for the great support they have provided. Your support has repeatedly played a key role in our success. There is no way to fully express our gratitude for your contribution.

We, at MESCO EDUCATION SOCIETY are continually inspired by the dedication and generosity of donors like all of those who answer the call to give again and again. Thank you for your kind generosity.
